ABOUT

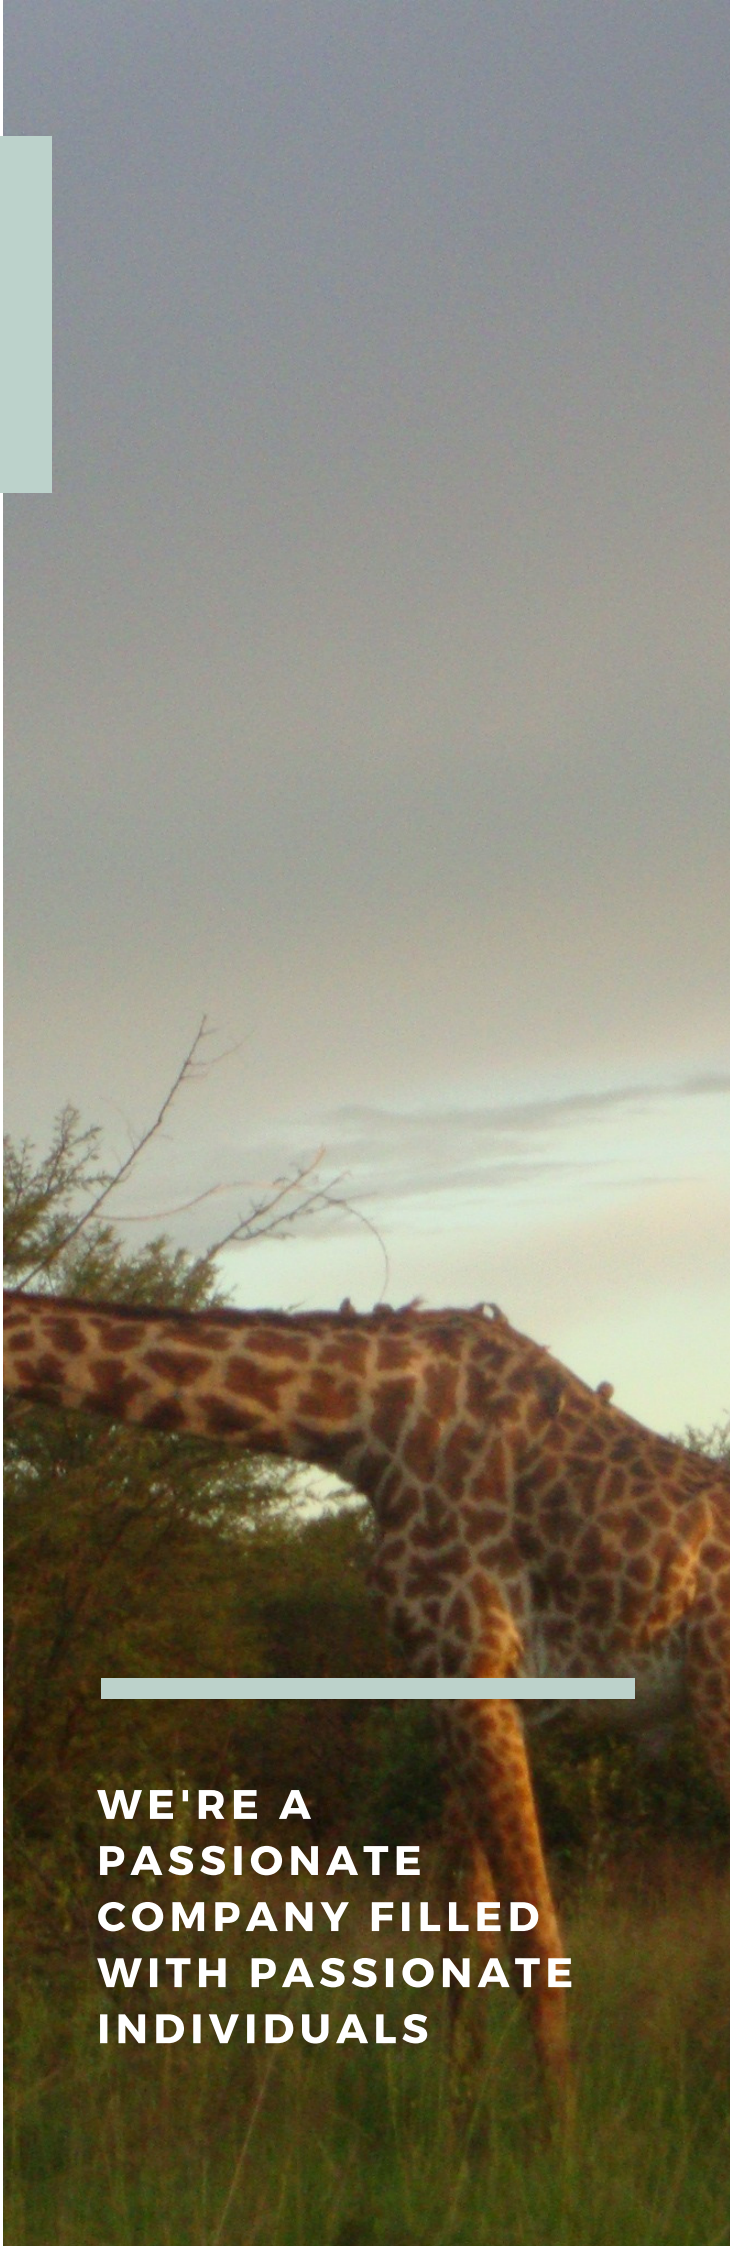

About the Country:

Located in East Africa, Tanzania is the land of the highest mountain in Africa, the Kilimanjaro towering at 19,340 feet (5,895m). It is the home to the worlds famous archaeological and historical sites - Oldupai (Olduvai) Gorge. With more than 20 national parks and game reserves, abundant wildlife, bird species, the flora and fauna makes this country one of the top safari destinations in Africa.

Tanzania is the origin of world's famous migration of millions of wildebeests from Serengeti plains cross the border to Kenya.

Ngorongoro crater, the eighth wonder of the world, is another spectacular scenery Tanzania is endowed with. It is at Africa's internationally acclaimed park - Gombe National Park, along Lake Tanganyika where you will witness the home of "The People of the Forest", the chimpanzees. In addition, Tanzania boasts of the Selous Game Reserve which is Africa's and the world's largest protected wildlife area.

The coastline stretching 1,424 km, provides white sandy unspoilt beaches such as those found in the islands of Zanzibar, Mafia and Pemba. With coral reefs that make superb dive sites, visitors enjoy many aquatic sporting activities.

A giraffe is shown in profile, facing right, in a savanna landscape. The background features a sunset sky with soft orange and yellow hues, and silhouettes of trees and distant hills. The giraffe's distinctive brown and white patterned coat is clearly visible.
